BOOK SYNOPSIS

Criminal Procedure is a contemporary, comprehensive case-driven textbook from award-winning teacher Matthew Lippman that covers the constitutional foundation of criminal procedure and includes numerous cases selected for their appeal to today's students. With an emphasis on diversity and its impact on how laws are enforced, this clearly written textbook features numerous learning devices, including You Decide scenarios, Cases and Comments, and Legal Equations, and is accompanied by robust ancillaries, including an open-access student study site with Web-based activities, helpful study aids, and resources. Full updated for the Second Edition, it also includes key topics not featured in competing texts, such as pre-trial investigation as well as the post-investigative process.
