## BOOK SYNOPSIS

Three cakes with just one simple cake batter, this is every cake lover's dream! Prepare yourself for an explosion of textures and flavors in a cake like you've never tasted before: a dense, moist cake base; a delicate cream filling; and a light and fluffy sponge to top it off. With just one simple cake batter and a super-easy preparation method, at first glance these recipes look like any other cake recipe. But the magic in these cakes is in the separation of the egg whites and the low cooking temperature. During cooking, the cake mixture divides itself into three delicious layers, each with a distinct texture and taste—magic! Magic Cakes shares over thirty sensational recipes, from classic cakes to cheesecakes, brownies, tarts, quiches, and much more. Indulge in a salted butter caramel cake, wow your guests with the spectacular pistachio-and-morello cherry cake, or make your picnic perfect with the magic mustard quiche. So what are you waiting for? Discover the magic for yourself!
